

PLATTE COUNTY PAVEMENT PRIORITIES - TOTAL OF HIGH PRIORITIES \$14.54 MILLION

Priority (1)	ADT	CONDITION	PROJECT YEAR	POPULATION CENTER	CHURCHES, RURAL SCHOOLS, ETC.	OTHER CONSIDERATIONS	RANKING: HIGH MEDIUM OR LOW
LOCATION: Monastery(N. of District 10)	910-1656	45%	2013-2014	Multiple Municipal and County Link. Important northerly link to Columbus area	Important to several communities, schools and churches including Columbus and Lakeview	52% of vehicles are out of County. Important market and commerce link. Light to Moderate Truck Traffic	High
LENGTH: 14 Miles							
CLASSIFICATION: Major Collect							
TYPE: HB							
			\$ 4.32 Million incl./engineering				

Priority (2)	ADT	CONDITION	PROJECT YEAR	POPULATION CENTER	CHURCHES, RURAL SCHOOLS, ETC.	OTHER CONSIDERATIONS	RANKING: HIGH MEDIUM OR LOW
LOCATION: Tarnov West	470-530	40%	2014-2015	Tarnov area and important link to West Platte County via Cornlea and McPhillips road	Tarnov area	Important collector link farm to market for area. Moderate to Heavy Trucks. Consider Hot Mix upgrade	High
LENGTH: 6. miles							
CLASSIFICATION: Major Collect							
TYPE: LB							
			\$ 1.85 Million incl./engineering				

Priority (3)	ADT	CONDITION	PROJECT YEAR	POPULATION CENTER	CHURCHES, RURAL SCHOOLS, ETC.	OTHER CONSIDERATIONS	RANKING: HIGH MEDIUM OR LOW
LOCATION: 33rd Ave. & College Road	324-1996	45%	2015-2016	Columbus Area, Fringe Subdivisions. Road may considered collector.	Platte College and fringe subdivisions and minor businesses.	Consider pavement upgrade due to traffic dynamics and proximity to Lost Creek Parkway. Concrete Municipal Section between Parkway and S3rd.	High
LENGTH: 2.5 Miles							
CLASSIFICATION: Local							
TYPE: LB							
			\$ 1.26 Million incl./engineering				

Priority (4)	ADT	CONDITION	PROJECT YEAR	POPULATION CENTER	CHURCHES, RURAL SCHOOLS, ETC.	OTHER CONSIDERATIONS	RANKING: HIGH MEDIUM OR LOW
LOCATION: Monroe South	1320	60%	2016-2017	Monroe, Silver Creek, Duncan	None	Important link between US Hwy. 30 and NE 22 Moderate to Heavy Trucks	High
LENGTH: 9. miles							
CLASSIFICATION: Major Collect							
TYPE: HB							
			\$ 2.78 Million incl./engineering				

PLATTE COUNTY PAVEMENT PRIORITIES

Priority (5)	ADT	CONDITION	PROJECT YEAR	POPULATION CENTER	CHURCHES, RURAL SCHOOLS, ETC.	OTHER CONSIDERATIONS	RANKING: HIGH MEDIUM OR LOW
LOCATION: Central Highway West (St. Ed)	730	55%	2017-2018	St. Edward Area Important farm to market link	Important Link to area schools and churches	Moderate truck traffic. High candidate for surface upgrade	High
LENGTH: 7. 0 Miles							
CLASSIFICATION: Major Collect							
TYPE: LB							
			\$ 1.54 Million incl./engineering				

Priority (6)	ADT	CONDITION	PROJECT YEAR	POPULATION CENTER	CHURCHES, RURAL SCHOOLS, ETC.	OTHER CONSIDERATIONS	RANKING: HIGH MEDIUM OR LOW
LOCATION: Lakeview (West of Mason)	700-845	75%	2018-2019	Important school and inter community link. Local cutoff route to U.S. Hwy. 81. Moderate truck traffic	Lakeview, District 10 and Platte Center School route.	Road has had numerous patches and armor coats. Original HB asphalt has exceeded life expectancy. High candidate for Hot Mix overlay.	High
LENGTH: 4. Miles							
CLASSIFICATION: Major Collect							
TYPE: HB							
		Rehab in 2012	\$ 1.23 Million incl./engineering				

Priority (7)	ADT	CONDITION	PROJECT YEAR	POPULATION CENTER	CHURCHES, RURAL SCHOOLS, ETC.	OTHER CONSIDERATIONS	RANKING: HIGH MEDIUM OR LOW
LOCATION: E. 29th Ave.	3700	75%	2019-2020	Large business and Industrial Area East of Columbus, Main entrance for ADM and others	Major Industrial ADM, etc.	Extremely heavy truck traffic and RR Crossing exposure. Future Viaduct location Improvements with viaduct	High
LENGTH: 1.75							
CLASSIFICATION: Minor Collect							
TYPE: Concrete							
			\$ 670,000 incl./engineering				

Priority (8)	ADT	CONDITION	PROJECT YEAR	POPULATION CENTER	CHURCHES, RURAL SCHOOLS, ETC.	OTHER CONSIDERATIONS	RANKING: HIGH MEDIUM OR LOW
LOCATION: Industrial Site	686-1862	60%	2020-2021	Columbus Industrial Center. Includes Co-op, B-D, Dales, Columbus Hydraulics	Major Industry, B-D, Vishay, Loup, Columbus Hydraulics	12th Ave. is major through street Poor Subgrade. Alkali base. 12th Ave.- New concrete to coincide with 12th Ave. Viaduct	High
LENGTH: 1. Mile							
CLASSIFICATION: Local							
TYPE: LB							
			\$ 892,000 incl./engineering
